

Sample Advert for

Practice Educator/Project Manager
Assistant Practitioner Project

The Working Differently Assistant Practitioner Project is developing and testing a programme for Assistant Practitioners (AP's) across Cumbria and Lancashire. The AP's will be trained to a high level and undertake a 2 year foundation degree.

We are looking for an experienced clinical educator to support the trainees and mentors locally and work with the SHA project manager as part of a Cumbria and Lancashire team.

You will be required to

- Support local role redesign with clinical teams
- Develop competences
- Develop job descriptions
- Establish a local steering group
- Identify and support mentors
- Assess competence
- Work collaboratively with UCLan

For further information please contact:
